

3D POS POINT OF SALE SOFTWARE FOR FASTRAK

Application

3D-POS Terminal Software is a full service Point-of-Sale solution. 3D-POS features unique Point-of-Sale functionality that duplicates PCS' smart POS terminal keyboard design and allows for Keyboard or Touch Screen capability.

Features

- Runs on MS Windows XP / Vista / 7
- Touch Screen, mouse and keyboard accessible
- "Hands Free" Express Mode to speed lines
- Support for dual line operation
- Roster Mode with pictures for classroom service
- Full Service Mode or à-la-carte sales
- Automated voice prompts to control lines
- Supports one or two keypads/scanners
- Large, easy-to-read buttons
- 20 to 80 Item key display
- Can run on "Hand Held" and "Wireless" POS
- Left or Right Hand Operation
- Fully Configurable Keys / Key Labels / Layout
- Utilize Menu Picture Keys
- Incorporate Color for easy key identification
